THURSDAY, JUNE 1

MACRO CONFERENCE  
THURSDAY, JUNE 1 – SUNDAY, JUNE 4

HOSTED BY  
 Washington University in St. Louis  
BROWN SCHOOL

[Register Now for the Macro United Conference June 1-4, 2023 at the Washington University in St. Louis](#)

Macro Social Work Educators, Students, and Practitioners!  
Join us in June 2023 for our In-Person Macro United Conference.

**We are kicking off the MACRO Matters conference by demonstrating our support of local community service providers and policy practitioners.** Join us for breakfast at the Delmar DevIne, the first collaborative space dedicated to maximizing the human and financial capital of St. Louis' social initiatives and institutions. You'll receive a tour of the new facility from founder Maxine Clark. After the tour, you'll hear from a panel of local providers and advocates on the challenges of pushing forward progressive policies that promote social justice in a conservative state. This event was organized from conference attendees' feedback requesting opportunities to connect with local community.

**Please stay through Sunday morning** when we will have representatives from Macro Social Work organizations discuss with conference participants the direction of Macro Social Work! Your opinion here will shape our collective work.

**The Teaching Institute** will take place the Thursday, June 1, 8am to 5pm prior to the conference. Workshops, teaching tools, and lively discussion on teaching Macro Social Work! Please Register! Teaching Institute Information is [here](#).
